

AN INFIDEL TALKS FROM THE PULPIT

COL. INGERSOLL'S LECTURE
AT CHICAGO.

The Great Expounder of Agnosticism
Talks On the Questions of the Day
To a Church Audience—What
He Understands by "True Religion."

Chicago, April 13.—Robert G. Ingersoll preached here Sunday from a pulpit and to a church audience. During the course of his long talk, he said:

"For many ages man in all directions has relied upon and sincerely believed in the existence of the supernatural. He did not believe in the uniformity of nature. He had no conception of cause and effect, of the indestructibility of force. For many centuries his only conception of mortality was the idea of obedience, not to facts as they exist in nature, but to the supposed command of some being superior to nature. During all these years religion consisted in the praise and worship of the invisible and infinite, of some vast and incomprehensible power—that is to say, of the supernatural. We now know that in mechanics the natural is supreme. We know that man can by no possibility create a force; that by no possibility can be destroyed a force. No mechanic dreams of depending upon or asking for any supernatural aid. He knows that he works in accordance with certain facts that no power can change.

"So we in the United States believe that the authority to govern, the authority to make and execute laws, comes from the consent of the governed, and not from any supernatural source. We do not believe that the king occupied his throne because of the will of the supernatural. Neither do we believe that others are subjects or serfs or slaves by reason of any supernatural will.

"So our ideas of mortality have changed, and millions now believe that whatever produces happiness and well-being is in the highest sense moral. Unreasonable obedience is not the foundation or the essence of morality. That is the result of mental slavery. To act in accordance with obligation perceived is to be free and noble. To simply obey is to practice what might be called a slave virtue, but real morality is the flower and fruit of liberty and wisdom.

"There are very many who have reached the conclusion that the supernatural has nothing to do with real religion. Religion does not consist in believing without evidence or against evidence. It does not consist in worshipping the unknown or in trying to do something for the infinite. Ceremonies, prayers and, inspired books, miracles, special providence and divine interference all belong to the supernatural and form no part of real religion.

"Every science rests on the natural, on demonstrated facts. So morality and religion must find their foundations in the necessary nature of things."

Speaking of the vast amount of money devoted to church work in the world, Col. Ingersoll said: "For many centuries the wealth of the world was used to propitiate the 'unseen powers.' In our own country the property dedicated to this purpose is worth at \$1,000,000,000. The interest on this sum is \$50,000,000 a year, and the cost of employing persons whose business it is to seek the aid of the supernatural and to maintain the property is certainly as much more. So that the cost in our country is about \$2,000,000 a week, and, counting ten hours as a working day, this amounts to about \$500 a minute. For this vast amount of money the returns are remarkably small. The good accomplished does not appear to be great.

"Now it seems to me that it would be far better for the people of a town having a population of 4,000 or 5,000 to have one church, and the edifice should be of use not only on Sunday but on every day of the week. In this building should be the library of the town. It should be the club house of the people, where they could find the principal newspapers and periodicals of the world. Its auditorium should be like a theater. Plays should be presented by home talent, an orchestra formed, music cultivated. The people should meet there at any time they desire. The women could carry their knitting and sewing, and connected with it should be rooms for the playing of games, billiards, cards, and chess. Everything should be made as agreeable as possible. Now it seems to me that such a congregation in a few years would become the most intelligent people in the United States.

"The truth is that people are tired of the old theories. They have lost confidence in the miraculous, in the supernatural, and they have ceased to take interest in 'facts' that they do not quite believe. There is no darkness but ignorance. There is no light but intelligence."

He criticised bitterly our present system of administering punishment to lawbreakers, saying:

"Men should not be sent to the penitentiary as a punishment, because we must remember that men do as they must. The question is whether reformation is possible, whether a change can be produced in the person by pro. The criminal is dangerous, and society has the right to protect itself. The criminal should be confined, and, if possible, should be reformed. A penitentiary should be a school; the convicts should be educated. So prisoners should work, and they should be paid a reasonable sum for their labor."

In an eloquent plea for the homes of nation the speaker said:

"The home is the unit of the nation. The more homes the broader the foundation of the nation and the more secure. Everything that is possible should be done to keep this from being a nation of tenants. The men who cultivate the earth should own it. Something has already been done in our country in that direction, and probably in every state there is a homestead exemption. This exemption has done no harm to the creditor class.

"I wish to go a step farther. I want, if possible, to get the people out of the tenements, out of the gutters of degradation, to homes where there can be privacy, where these people can feel that they are in partnership with nature; that they have an interest in good government. With the means we now have of transportation there is no necessity for poor people being huddled in festering masses in the vile, filthy and loathsome parts of cities, where poverty breeds rags and the rags breed diseases. I would exempt a homestead of a reasonable value—say of the value of \$2,000 or \$3,000—not only from sale under execution, but from sale for taxes of every description."

On the question of marriage and divorce he said:

"It is of the utmost importance to the human race that women, that mothers, should be free. Without doubt the contract of marriage is the most important and the most sacred that human beings can make. Marriage is the most important of all institutions. Of course the ceremony of marriage is not the real marriage. It is only evidence of the mutual flames that burn within. There can be no real marriage without mutual love. So I believe in the ceremony of marriage; that it should be public; that records should be kept. Besides the marriage ceremony says to all the world that those who marry are in love with each other.

"Then arises the question of divorce. Millions of people imagine that the married are joined together by some supernatural power, and that they should remain together, or at least married, during life. If all who had been married were joined together by the supernatural, we must admit that the supernatural is not infinitely wise. I would have the law so that any husband could obtain a divorce when the wife had persistently and flagrantly violated the contract, such divorce to be granted on equitable terms. I would give the wife a divorce if she requested it, if she wanted it."

"I think that when we become civilized great corporations will make provisions for men who have given their lives to their service. I think the great railroads should pay pensions to their worn-out employees. They should take care of them in old age. They should not maim and wear out their servants and then discharge them and allow them to be supported in poor-houses. These great companies should take care of the men they maim; they should look out for the ones whose lives they have used and whose labor has been the foundation of their prosperity. Upon this question public sentiment should be aroused to such a degree that these corporations would be ashamed to use a human life and then throw away the broken old man as they would cast aside a rotten tie."

Colonel Ingersoll closed his lecture with the following statement of what he considered real religion:

"This, in my judgment, is real religion. To do all the good you can is to be a saint in the highest and noblest sense. To do all the good you can—this is to be really and truly spiritual. To relieve suffering, to put the star of hope in the midnight of despair—this is true holiness. This is the religion of science. The old creeds are too narrow—they are not for the world in which we live. The old dogmas lack breadth and tenderness—they are too cruel, too merciless, too savage. We are growing grander and nobler. There is no darkness but ignorance. Let us flood the earth with intellectual light."

LOST WITH HER CREW.

Belief that the Steamer Ranger Has Gone to the Bottom.

St. Johns, N. F., April 13.—Twenty-eight men were driven off shore on the ice Saturday night. Two steamers which had been cruising searching for them returned unsuccessful. One of the men landed, and it is supposed that the others have got ashore at a deserted island on the coast. The steamer Kite has returned from the seal fisheries with a full cargo, and reports all the remaining ships by the Ranger. The latter has not been heard from since March 20, when it was learned that she was badly nipped and very leaky. Fears are now being expressed for her safety. She had over 200 men on board.

The Weekly Bank Statement.

New York, April 13.—The weekly bank statement shows the following changes: Reserve, increase, \$925,275; loans, increase, \$387,500; specie, decrease, \$416,600; legal tenders, increase, \$1,680,800; deposits, increase, \$1,355,700; circulation, increase, \$86,800. The banks now hold \$17,931,250 in excess of the requirements of the 25 per cent rule.

A STORM OUT WEST DID MUCH DAMAGE

HAVOC IS SPREAD AT CRIPPLE
CREEK, COLO.

Scores of Buildings Blown Down and
All Railroads Blocked—Loss of
Life Feared—Storm Felt In
Texas—Nebraska Also Suffers
Severely.

Cripple Creek, Colo., April 13.—The Cripple Creek district was visited Sunday by the severest and most destructive blizzard ever known. An immense amount of damage has been done, and in all probability some lives have been lost in the hills, rumors to that effect being in circulation, and general fear is entertained for the prospectors. A score or more of buildings in this city were blown down and tents, signs and loose lumber were scattered over town. All of the telephone wires out of the camp are down, and no trains arrived or departed all day.

At 1:30 the Cripple Creek commission three-story building in Carr avenue, near the Midland depot, fell with a crash and it caught on fire from an overturned stove and was completely destroyed. The building is isolated, which prevented a general conflagration. The Boston cable building, at Carr and Second streets, was partially wrecked. A large rooming house in Warren avenue was blown down about noon and several occupants were injured.

The city is in darkness, as all the electric light wires are down. Communication is cut off with all outside points, with the exception of one telegraph wire.

Many store fronts have been blown in and some of the business houses, as well as residences, will need repairing. Rumors of loss of life in the outlying district are in general circulation. In the hills hundreds of prospectors live in tents and the majority of them were blown away. The damage to property throughout the camp will not fall short of \$100,000.

Palmer Lake, Colo., April 13.—One of the worst snowstorms that has ever visited this town started about 7:30 o'clock Sunday evening and raged furiously all night. The wind blew at the velocity of seventy miles an hour. The drifts are from six to twelve feet high. Walking is impossible and the storm shows no signs of abatement. Trains in both directions are delayed between Denver and Colorado Springs.

Denver, Colo., April 13.—The 1:20 p. m. train over the Florence & Cripple Creek road was stalled between here and Anaconda. One of the suburban trains from Victor is stuck in the snow at Elkton. On the Midland Terminal two passenger trains are blocked at Gillett. A dozen buildings or more were blown down at Gillett and a number at Altman, Goldfield and Victor. Shaft houses and surface improvements all over the district were badly damaged.

DAMAGE DONE IN TEXAS.

Severe Windstorm Prevailed Over Almost the Entire State.

Dallas, Tex., April 13.—All of that part of the state west, southwest, and northwest was visited by a severe windstorm Saturday night. The wind came from the west, and in many localities was almost a tornado. At Fort Worth a sash, door and blind factory and the grandstand at the baseball park were wrecked. At Cresson, a small town below Fort Worth, the Fort Worth & Rio Grande railway depot, the Methodist church and nine business houses and residents were demolished.

At Reagan, Falls county, several buildings were almost demolished. At Annetta, Parker county, one store and all of its contents was blown away and a number of residences crushed.

At Bates, Denton county, the Methodist church was destroyed and other buildings moved from their foundations. Along the line of the Texas Central, from Cisco to Dublin, damage to farm houses and crops is reported. The wind was followed by a driving rain, which added to the damage.

Heavy Rainfall in Nebraska.

Omaha, Neb., April 13.—The heaviest rainfall in Nebraska the last five years prevailed Saturday and Sunday. In the southern counties a violent windstorm preceded the rain, and considerable damage is reported, but no lives were lost so far as can be ascertained. A dispatch from Red Cloud says a violent gale prevailed and the sky assumed an inky darkness. Many persons rushed to their storm cellars. The cyclone struck the barn of Andrew Harley, seven miles south of Red Cloud, and rent it into splinters. A piece of the roof struck Hawley's little girl, crushing her shoulder and leg. Hawley escaped with few scratches.

Cyclone at Red Cloud, Neb.

Colorado City, Tex., April 13.—A cyclone struck the town Saturday night, doing considerable damage to property and resulted in the death of James Solomon, a 12-year-old boy. The Solomon house was scattered all over the block. Mr. Solomon, wife and five children had retired, and it is remarkable that any of them escaped alive.

ADJOURNMENT TALK AT WASHINGTON

CONGRESS HAS NEARLY FINISHED ITS WORK.

June 1 Mentioned as the Probably Closing Date—No Time Has Been Wasted and All Needed Legislation Is in Good Shape—The Week's Program.

Washington, April 13.—An unusually early adjournment of Congress is predicted by the Republican leaders in both houses and every sign points to the fulfillment of their prophecies. With all of the regular appropriation bills, except two, already passed by the House, with one of those remaining reported from the committee and likely to be passed with only a day or two of debate and with the other in process of preparation, the House leaders are placing the limit of this session at the 1st of June, allowing, as they think, sufficient time for the Senate to take care of the important bills sent to it from the House.

No other business except the regular appropriations is absolutely necessary to be done and, although the House may take up some of the more pressing of the general matters before it, such as the settlement of the Pacific railroad's debts, the statehood, and bankruptcy bills, it is thought that many other minor matters will be passed over in the interest of an early adjournment.

It seems probable that the House will have passed the last of the appropriation bills before May 15. Of these bills, five—the pension, military academy, urgent deficiency, diplomatic, and consular and army bills—have been signed by the President and are law. The agricultural bill has been passed by both houses and is ready for the President's signature. The postoffice bill has been passed by both houses, but the Senate amendments have not yet been agreed to by the House and the legislative, executive, and judicial bill is also in conference between the two houses. The Indian bill is in the Senate and the naval bill is ready for consideration. The sundry civil, and the rivers and harbors bills have been sent to the Senate and referred to committees.

In the House the fortifications bill stands ready for consideration and the last of the list, the general deficiency bill, it being prepared by the appropriations committee. There remain therefore, but two appropriation bills to be passed by the House, and six for the Senate to act upon.

The Senate committee on appropriations is well up with its work on the appropriation bills, and the Senate is not far behind its committee. It is the general opinion that the appropriation committee can complete its work on the bills still to be considered within three or four weeks' time, and that it is possible for the Senate to finish them by the middle of May. There are some who estimate that it will require until June 1 to accomplish this result. No one puts it later. With the appropriation bills out of the way, it will be exceedingly difficult to hold the Senate in session for any purpose. Consequently the prevailing opinion in the Senate is that the final adjournment of the session will not be postponed far beyond the beginning of the first of the summer months.

WHAT CONGRESS WILL DO.

Bill to Investigate Bond Issues May Occupy the Senate Indefinitely.

Washington, April 13.—The Dupont election case will be reviewed in the Senate today, when Mr. Chandler makes a speech in support of the committee report favorable to the seating of Mr. Dupont. He probably will be followed by Senator Gray in opposition to the report. This matter probably will consume the greater part of the day. If there is any time left the consideration of the Indian appropriation bill will be proceeded with.

There is a unanimous agreement to take up Senator Peffer's resolution for the investigation of the bond issues for the last two years. If not set aside, the question probably will give rise to a spirited financial debate of uncertain duration.

The bill to reduce the cases in which the death penalty may be imposed in the United States courts is a special order for Wednesday.

Senators Lodge and Nelson have given notice for speeches on Thursday on the immigration bill, reported by Mr. Lodge from the committee on immigration. The sectarian school question is still undisposed of, and the debate on this may require another day.

A disagreement of the conferees of the two houses on the legislative, executive and judicial appropriation bill probably will be reported today on the portions of the bill relating to salaries of United States marshals and district attorneys and of senate employees, and the consideration of the report, if made, will consume some time.

With these questions out of the way, the naval appropriation bill will be taken up.

The general deficiency appropriation bill—the last of the supply bills—is in process of preparation in the appropriation committee and pending the reporting of that bill to the house a variety of matters, which have been held in abeyance in order that the ap-

propriation bills might be pressed, will be brought up for action. The most important of these is the bankruptcy bill, to which it is expected the house will devote several days. There are also several minor banking bills, including a bill to increase the circulation of national banks to the par value of the bonds deposited and one or two general pension bills.

TROOPS AT CARROLLTON.

Under Orders to Act if the County Jail Is Stormed.

Carrollton, Mo., April 14.—George Taylor, who escaped Saturday night, nineteen days before the day set for his execution for the murder of the Meeks family, is still at large, with little chance of his being recaptured. His brother, William, is still in jail, which is heavily guarded. Fifteen armed strangers have arrived in town, and Deputy Sheriff Shelton, fearing an attempt to lynch the prisoner, has ordered the local militia company to be in readiness to act. Fifty men spent all of Saturday night and Sunday trailing George Taylor. Although there is talk of storming the jail, it is not thought that the attempt will be made.

The Attorney General telegraphed here yesterday for an affidavit from Sheriff Stanley about the escape of Taylor. This was forwarded. The motion for a rehearing comes up Tuesday before the Supreme Court, and this escape will, it is believed, prevent its being heard, and makes sure of the execution of "Bill" Taylor on April 30.

INDIANA POLITICS.

Question of Instructing Delegates Likely to Cause Trouble.

Indianapolis, Ind., April 13.—There promises to be a merry time in the state republican convention on May 7 over questions of resolutions on the presidential question. It is asserted that Indiana is a McKinley state, and it is probable that the delegates at large will be genuine McKinley men. However, on the question of instructions there is a wide difference of opinion.

The frequent mention of Harrison's name as a possible nominee of the convention, despite his own emphatic attitude in opposition to such a thing, has had its effect in making a great many Indiana republicans believe that the delegation should go uninstructed in order to be free to vote for Harrison in case there should be a general movement in his direction after the convention assemblies. Many of McKinley's warmest supporters in this state are Harrison men first, and they object to instructions.

Oregon Democracy Is Split.

Portland, Ore., April 13.—Several democrats who favor the financial policy of President Cleveland held a meeting in this city for the purpose of discussing the advisability of putting in the field an independent candidate for congress in the second district against the regular nominee of the democratic convention, which declared for free coinage. It was practically decided to name an independent candidate. Both the regular democratic and republican candidates in the Second district are in favor of free coinage, and the Cleveland democrats expect to draw largely from the republicans who favor the gold standard.

Blood May Flow in Louisiana.

Little Rock, Ark., April 13.—The political outlook in northern Louisiana discloses an alarming condition of affairs, and serious trouble, with a strong probability of much bloodshed, at the approaching election, which will be held on April 21, is predicted. Should the negroes take the advice of their leaders, and go to the polls armed, there will certainly be trouble on election day, which, if once started, is bound to result in great bloodshed. The free-silver men, it is well understood, will try to elect one of their own men to congress next fall.

Walter Grant Dygert All Right.

Washington, April 13.—The state department has again assured Congressman Perkins that Walter Grant Dygert of Illinois is alive and well in the Guineas jail, about forty miles from Havana. Consul General Williams is said to be doing everything possible to secure a speedy trial for the young man, but the Spanish courts are slow and have much red tape to hamper action in a petty case like the arrest of a foreigner within the insurgent lines, more than a case where there were really serious charges against the prisoner.

Condition of Cotton Crop.

Nashville, April 13.—The Southern Trade Review has answers from correspondents in all the cotton states giving estimates of acreage for 1896. The planting is fully under way in the far south, and will be very soon in full operation over the entire section. On the whole the increase is not much larger than can be accounted for on the ground of natural development, and there is a marked tendency toward diversified crops.

Attempt to Down Mr. Huntington.

San Francisco, Cal., April 13.—The annual election of officers by the directors of the Southern Pacific company showed a division of opinion as to the fitness of C. P. Huntington for the presidency of the company, which is looked upon as the beginning of a fight against the magnate.

Gen. Thomas H. Hubbard admits he was urged by Mrs. Stanford to become a candidate for the presidency.

MAN BURIED ALIVE IN A CAVING WELL

FATAL ACCIDENT AT EMERALD,
ALD, WIS.

John Velosky Smothered Under Eighteen Feet of Earth—Kewaskum Man Killed By a Horse's Kick—Princeton Mill Undermined—Bloody Saloon Fight at Oshkosh.

Emerald, Wis. April 13.—[Special]—A fatal accident occurred here this morning. The dead:

VELOSKY JOHN, farmer, suffocated.

Velosky was buried alive and smothered under 18 feet of earth. He was working at the well when the accident occurred, he being down in the opening removing the curbing and getting ready to fill up the well. While he was at work he loosened a board that caused a cave in and an instant later he was covered with earth and smothered.

Kewaskum, Wis. April 13.—[Special]—A farm hand was killed here this morning. The dead:

MERTZ PETER, Meriz was employed by L. Rosenbremmer in doing chores about the barn and was kicked by a horse while at work. He is married and has a wife and two children.

Big Mill Undermined.

Princeton, Wis., April 13.—[Special]—A workman in the tube factory of Morse, Lelmer & Co., this morning noticed that a bank between their factory and the canal of the Princeton Roller Mills, was being undermined and washed out by water, which had filtered in around flume. Before they could run and turn the water off at the waste-gate, a section of the bank, several rods long, had been carried out by the water, the trunk from the canal to the factory twisted, and the factory itself partly undermined. The damage is estimated at \$2,900.

Bloody Row at Oshkosh.

Oshkosh, April 13.—[Special]—During a row in a south side saloon last night Albert Schemmerhorn received a bad cut in the neck. Joseph Witzel has been arrested on the charge of having inflicted the wound. Schemmerhorn may die.

FIVE VICTIMS ALIVE.

Holmes' "Confession" Is Alleged to Be Untrue.

Chicago, April 13.—Four of the victims who were alleged to have been slaughtered in H. H. Holmes' "confession" have been seen alive and well since the dates on which they were said to have been murdered. One is in Englewood. One can be reached through the medium of the United States mail or either of two telegraph lines. The third has done business and failed in Chicago since the time at which the self-aborred criminal asserts that he killed him. The fourth has been seen by those who know her well in the vicinity of the "castle," since Holmes, according to his story, declares that he suffocated her in the vault of his unique building. A fifth, claimed to be a wealthy Chicago banker, never was heard of in this city. The man whom Holmes says can throw light upon the dark places in his unsolicited testimonial to his own evil character is a myth, unheard of by the police of the two cities in which he is supposed to have operated.

Momence, Ill., April 13.—The alleged confession of H. H. Holmes may prove correct as far as the murderer's actions at Momence are concerned. The only hotel near the postoffice is the Central house, run by F. Knight. Mr. Knight has a distinct recollection of a couple who registered at the house about November 15, 1892. E. G. Williams is staying at the hotel. He worked in the drug store in the Chicago "castle" for two years, and knew Holmes and Minnie Williams. From the description given by Mr. Knight, Williams is positive that the couple was Holmes and Minnie Williams. A committee of citizens, consisting of W. W. Parish, E. P. Harney, David Burton and Dr. Schronitz, made a trip east of town to find the house where Holmes claimed to have buried the girl. They found an old log cabin, which was the only house near the station. The station spoken of is Castleton, a siding. The cabin had a cellar and was unoccupied at the time of the alleged murder. They began to excavate, but were stopped by the sand washing in and by lack of tools. The search will be continued. The register of the hotel will also be looked up.

Bimetallists Are Hopeful.

London, April 13.—The Bimetallist League has issued a manifesto urging bimetallists, in view of the recent discussion in the house of commons, to redouble their efforts to educate the country. The manifesto concludes: "Great Britain having now approved the principle of international bimetallism as necessary to the prosperity of her commerce, the time cannot be far distant when she will recognize that her only true position is in the van of the movement."

Small Boy Wrecks a Train.

Turner, Ill., April 13.—A Northwestern engine and four cars were wrecked here Saturday night. A boy is supposed to have taken a pin out of a switch, causing the accident. Trains were blocked several hours.

NEWS OF A COUNTY
IS TOLD IN A LINEWHAT HAS HAPPENED SINCE
SATURDAY.

Another Evansville Pastor Resigns and Will Seek a Climate to Benefit His Health—The Death of Miss Rissa Greenman—Gossip From Rock River.

Evansville, April 13.—Rev. J. T. Matthews, pastor of the Episcopal church, has sent in his resignation, and a week from Sunday he will deliver his farewell address. The church people were surprised at the announcement, Sunday. For the past year his health has been rapidly failing. Last fall he went to Europe, remaining about five months. For a while, after returning, he was greatly improved, but of late he has been failing rapidly. He intends going to the seashore and remaining during the summer. He has been a faithful worker in the parish, and all regret this unexpected movement very much, but hope his health may be restored and that he will again return to us in the fall. Services will be held in the church as usual, during the summer. Mrs. A. C. Thorpe has again returned to Janesville, where she will receive treatment, for a couple of weeks. Miss Rissa Greenman, aged about 23, died at her home northwest of this city, Friday, April 10, of consumption. She has been a patient sufferer for several months, and died in a true faith and peace of a Christian. The funeral was held at the Baptist church, Sunday morning, at 10:30 o'clock. Rev. O. P. Bestor, officiating. The floral tributes were beautiful. Her sisters of Chicago were in attendance at the funeral. Mr. and Mrs. Leo H. Campbell attended the funeral of Mrs. Campbell's grandfather, Mr. Hanson, near Attica, Saturday. Harrison Sayles, of Black Earth, Wis., spent the latter part of the week with his father, M. Sayles. Mrs. T. P. Bowker, of Belleville, Wis., visited Mrs. J. Ulerich, stopping off on her way from Chicago. Visit Fred Springer's shoe store this week. He has been having his store fixed up in first class order and expects a new line of the latest goods within a few days. Miss Mae Savage Sundayed with her friend, Miss Lella Dow of Madison. Mr. and Mrs. William H. Hatfield expect soon to visit their son Charles in Iowa. Mrs. B. S. Hoxie is spending a few days with her daughter, Mrs. George Kemp, of Madison. Mrs. K. Johnson of Chicago, is visiting friends in this city. Dr. L. B. Beebe is in Chicago attending a course of dental lectures. He will be absent about four weeks. Mrs. Sadie Clancy is in Brooklyn, visiting her sister, Mrs. Nettie Wilder. Mrs. Lizzie Young is the guest of her mother, Mrs. W. Nelms of Janesville. James Gillies and wife, of Emerald Grove, are spending a few days with relatives and friends. The ten cent supper given by the Junior Endeavorers of the M. E. church, last Thursday evening was well attended. The young folks cleared about \$10. Mrs. Annie Scoville is the guest of her cousin, Miss Lotta Hayner, of Janesville. Miss Katie Noyes left Friday for a visit of several weeks in Madison, Sun Prairie and Ploverville. The Whist club met Thursday evening with Mr. and Mrs. A. E. Dixon. Mrs. Cassius Searles, of Janesville, is visiting her mother, Mrs. R. Stokwell. Will Tolles transacted business in Janesville Thursday. H. H. Blood spent Wednesday night with his son Fay, at Madison. John Tupper spent Friday in Milwaukee. Mr. and Mrs. John Gill were guests of Mr. and Mrs. L. C. Brewer, of the Park, Thursday. Miss Speicher, of Milwaukee, was the guest of the Pullen families last week. Miss Mattie Waters has returned to her school near Orford. N. Shreve has moved into the Miss Francis Walker house, which she recently purchased from V. C. Holmes. Mrs. Gus. Durner is in Brodhead, attending her little boy, who is quite ill with scarlet fever. Mr. and Mrs. William Miles are rejoicing over the arrival of a daughter. Mrs. Anna Gillham, of Wausau, has returned home, after having been the guest of her sister, Mrs. Fred Wilder. Mrs. Mary Potter returned to her home in Beloit, Saturday, having been here for several weeks. James Huffard, who received serious injuries from a fall, is improving rapidly. Miss Gracie Carpenter is rejoicing over a new wheel. Mr. J. W. Christman is quite sick. Claude Hendrick will not return to the University this spring term. Mr. and Mrs. K. Morgan have returned from their trip to Alabama. A leap year party will be given Thursday, April 23, in Magee's hall, by the Ladies Guild, of the Episcopal church.

Smith's orchestra furnished the music. As this is the first leap year party given here, it is hoped there will be a large attendance. The proceeds will go toward repairing the church. Mr. and Mrs. R. A. Penny, former proprietors of the Crystal Steam Laundry, left Saturday for their future home in Fort Atkinson. The machinery of the laundry will be sold to pay the indebtedness.

Rock River Gossip.

Rock River, April 13.—Mrs. T. B. Rogers, of Whitewater, who was the guest of her parents recently, has returned home. Avery Vincent will soon begin work on his new house on his farm near Grass Lake. Mrs. Tillie Vincent and son Byron visited relatives at Whitewater one day last week. Kittie Rose has begun her school at Mount Zion. We had a fine rain last Friday. Misses Polly Chamberlain, of Milton Junction, visited Mr. and Mrs. H. C. Maryott a part of last week. Jennie Moore is quite sick. Mr. and Mrs. Henry Green and family visited at Mr. and Mrs. Harry Green's last Thursday. The farmers have commenced spring work. Mr. and Mrs. Thomas McCrea's children, who have been quite sick with scarlet fever, are improving.

WILLIAM SMITH IS STRICKEN.
Well Known Attorney Has a Slight Stroke of Paralysis.

William Smith, the well known attorney, suffered a stroke of paralysis Saturday evening. He was standing in front of Brown Brothers' & Lincoln's store when he became dizzy and felt a prickling sensation in his right arm and leg. He was assisted into the store and Dr. Joe Whiting was summoned. He found that Mr. Smith exhibited every symptom of paralysis, and at once gave him remedies hypodermically which contracted the enlarged blood vessel that was pressing on the brain and prevented its rupture—which would have meant paralysis. Mr. Smith was then taken home, and in an hour or so recovered the use of his limbs. He was able to be down town yesterday.

CRYSTAL SPRINGS PARK OPENED

Party of Captain Buchholz's Friends Entertained Sunday Afternoon.

Crystal Springs park opened for the season by a party of Captain Alex. Buchholz's friends. They went up on the Columbia at 1:30, spent the afternoon under the trees, and enjoyed a supper as tempting as Mrs. Buchholz could set forth.

IN THE CHURCHES.

[The Gazette wants a correspondent in every church in the city. Several churches already have press committees and pastors whose churches do not have such an auxiliary will confer a favor by communicating with this office. The Gazette would like to make a feature of religious news every Monday, but it cannot be done without the cooperation of the workers themselves. The columns are open, who will help the work along?]

CONGREGATIONAL.

The Congregationalists listened to two very helpful discourses by the Rev. J. H. Chandler of Rhineland, Wis., yesterday. In the morning from the text found in Job 35:9-11, he spoke on "The Cry of Humanity and Its Answer." The cry of humanity, he said, was a cry of pain. The first sound on coming into the world is a cry, but as time goes on we learn to cover up our pain. The picture, the story, the power lives longest that pictures human suffering. The truest and highest in every thing is that which touches human suffering and grief. Much of the crying of humanity is brought about by the oppression of others. Solomon's glory caused others to suffer. Napoleon rose as others fell.

"Is there no answer to the cry of pain?" he asked.

This world may be made a better world. Let love and unselfishness rule. Its not so much the suffering in purse or from loss of goods, as from a troubled conscience, sins, affections that life becomes sad. The thing which makes home brightest today may cause its sorrow tomorrow.

He showed by many illustrations that the Christian's deepest sorrow was a blessing when borne with Christ's help. Whom the Lord loveth he chasteneth—for the present, not joy but grief. He urged all to accept whatever Christ sent in spirit of Christ. That all things work together for good to them that love Christ.

In the evening Mr. Chandler spoke from 2 Timothy 3. "Lovers of Their Own Selves" proved the bottom of all sin. From the story of John Ingelfried and his wife he showed how living service for others brought more real pleasure in life than all money, society or success in business. That this life is a preparatory one was demonstrated. All young people must prepare to fight, to struggle and to suffer. Christ said, "I have a mission and I am strengthened until I accomplish it." For those in old age, he spoke saying, "We live not in years but in states of the soul." Some stay in the preparatory school through life and are only ready to serve at death.

"How prepare to die?" he asked. "Prepare to live well," he continued. "Live each day as Christ would have you. So live that when the summons comes thou canst say with Paul, 'I have fought the good fight, I have finished my course, I have kept the faith.'"

The Congregational Christian Endeavor meeting was led by Ida Nichols and proved to be a very helpful one.

The subject for mid-week meeting at the Congregational church will be "Divine Zest and Human Indifference."

ALL SOULS.

Rev. Victor E. Southworth's "pulpit editorials" which was read at All Souls church yesterday was entitled, "Wanted, Men—A Voice From the Grave," and was suggested by a sentence taken from John Day's oration. He said in part:

"The greatest need of the day is men." The world at no time has ever had too many men—real men. Here and there, once or twice in a century, a real man appears. Meanwhile, we wait, look back in wonder at the greatness of the past, worship them as heroes and Gods, invent fabulous stories to account for them. We forget that "what man has done, man can do." Moses, Isaiah, Jesus, Socrates, Savonarola, Shakespeare, Luther, Parker, none of these, nor all together, have exhausted the resources of our divinely endowed human nature. We forget what it is that goes into the make up of a real man. The great men of the past have been exceptional. An accidental combination of unforeseen circumstances, a lucky bringing together of these giants to appear like gods amid the crowd of pigmies. The common run of men are small and sour and worm eaten like the apples and berries which never knew the care of an expert horticulturist, and for the same reason. Here and there by accident a fine specimen of the "genus homo" has appeared. We wonder at it as a freak of nature, or as a miracle, and fall back into our wonted ways.

Continuing, Mr. Southworth said that man had trained nature, had sweetened the quashed fruit by culture; stunted, thick-limbed quadrupeds had been converted into two-minute trotters and pacers, and clumsy cattle had been caused to yield buckets full of rich milk. He told of the developments of agriculture, horticulture, floriculture, cattle culture, etc. These things were but a hint, he said. The most important of all was human culture, and its possibilities were not realized. Accomplishments were valuable and helpful, but education in motherhood and fatherhood were more important. When human beings understand the laws of human culture as well as cattle-breeders and horsemen understand the culture of cows and horses, real men will not be so hard to find.

He also told of the need of real men,

and said they would not be had until the men and women of the present were willing to live for the future. There should be more love for home and family relations. Human culture must be studied and practiced. If these things were done, there would be no need to cry, "God, give us men!" All social problems would be corrected and solved, he said, if the children were properly educated; and in closing he said, "I contend to day against incapacity and crime because our ancestors did not work for the development of strength and excellence in their off-spring."

BAPTIST.

There was no preaching service either morning or evening at the Baptist church yesterday. Dr. Hodge is expected home from his vacation this week, and will occupy the pulpit next Sunday. The report of the Sunday School secretary for the past three months showed a total attendance of 2,999, with an average of 230 each Sunday. The Junior Endeavorers and some of their older friends listened to a very pleasing Easter program consisting of recitations, songs, etc., well rendered by different members of the society. "Will our excuse stand?" was the topic of the Christian Endeavor meeting led by Miss Smiley. The general opinion seemed to be that most of our excuses are worse than useless.

Woman's
Work

Is never done, and it is especially wearing and wearisome to those whose blood is impure and unfit properly to tone, sustain, and renew the wasting of nerve, muscle and tissue. It is more because of this condition of the blood that women are run down,

Tired, Weak, Nervous,

Than because of the work itself. Every physician says so, and that the only remedy is in building up by taking a good nerve tonic, blood purifier and vitalizer like Hood's Sarsaparilla. WHO GETS MONEY FOR JUDGING ADS

LIVELY CONTEST AMONG READERS OF THE GAZETTE.

Crisp Greenback is waiting for the person who picks out the best advertisement from the Gazette each day in April—Conditions of this offer.

A strong demand for back numbers of the Gazette has been created by the prize advertisement contest.

Ten dollars can't be earned easier than by selecting the best advertisement in the Gazette each night and mailing them to the Gazette office May 1.

As long as back numbers hold out complete files can be furnished.

The idea of the advertising competition has come to be pretty well understood. It is as this:

In every issue of the Gazette there appear a good many pretty good ads and a good many pretty poor ones.

The good ones bring profit to the advertiser and cause his face to be wreathed with smiles.

The poor ads cost just as much, but produce less result, and induce a loss of faith in the value of advertising.

This is all wrong!

We want more GOOD advertisements.

The way to make a good advertisement is to try to make a good one—try hard.

To encourage good advertising the Gazette inaugurates this friendly contest.

The \$10 bill goes to the reader who selects the best display ads that appear in the Gazette during April—one each day.

These are the conditions:

One display ad. is to be clipped from each issue of the Daily Gazette for April and marked with voter's name and the date of issue.

The bunch of advertisements—one from each issue in April—are to be mailed to the Gazette before 6 p. m. Saturday, May 2.

Voters may prepare more than one list if they choose.

The best ad. for each day will be determined by counting the ballots sent in at the end of the month. No ad. is to appear twice in one list.

The contest is confined to display ads—not reading notices or local. Janesville ads only. Size, the typographical beauty and verbal cleverness are not the essential qualities. The "best ad." under the terms of this contract, is the one that seems likely to draw the most business. No matter if the wording be clumsy and the typography poor, the ad. that brings results, is the best ad. of the world over.

The ad. that makes a hundred people say "That's a fine ad." is good, but the ad. that makes a dozen people buy, is better.

Read these conditions carefully, subscribers and non-subscribers, and get your scissors ready.

First Ball Game of the Season

Three Hundred People Saw the Holmes' Hustlers Win a Victory.

The first base ball game of the season was played yesterday afternoon on the Snipe Hill diamond. A crowd of three hundred people witnessed the game, and saw a picked nine from Monterey go down before the celebrated Holmes' Hustlers by a score of 28 to 27. The game was an interesting one from start to finish and plenty of home runs were made on both sides. George Croft acted as umpire and gave good satisfaction. The team lined up as follows:

THIN PEOPLE.

How the Weight May Be Increased in a Healthful Natural Manner.

All people who are thin are not necessarily so from disease, it is natural for some to be thin, and no amount of treatment would add an iota to their weight, but the great majority of people are thin because their digestion is not perfect, their stomachs do not thoroughly digest flesh-forming foods, they may not have chronic dyspepsia, but their digestion is not vigorous enough to assimilate the food necessary for robust health and to keep up their weight.

For all such, the new discovery for dyspepsia and digestion comes as a most welcome addition to the list of meritorious remedies. The new discovery referred to is Stuart's Dyspepsia Tablets, which is not only a pleasant and certain cure for indigestion, but possesses the peculiar power of digesting flesh-forming foods, like meat, eggs and similar ordinary foods, so that the increase in weight is a perfectly natural process. One grain of the digestive principle in Stuart's Dyspepsia Tablets will digest 3,000 grains of flesh-forming food. Dr. Jennings recently stated that he depends altogether upon these tablets for the cure of dyspepsia and stomach troubles and that they not only cure the indigestion, but in every case a gratifying increase in weight was noticed, not fat, but the proper amount of flesh for health and symmetry. Dr. Harlandson speaks highly of the tablets, not only because they build up flesh and cure indigestion, but they are absolutely safe and harmless, no matter what the condition of the stomach and are excellent not only for the ordinary dyspeptic, but for invalids and children.

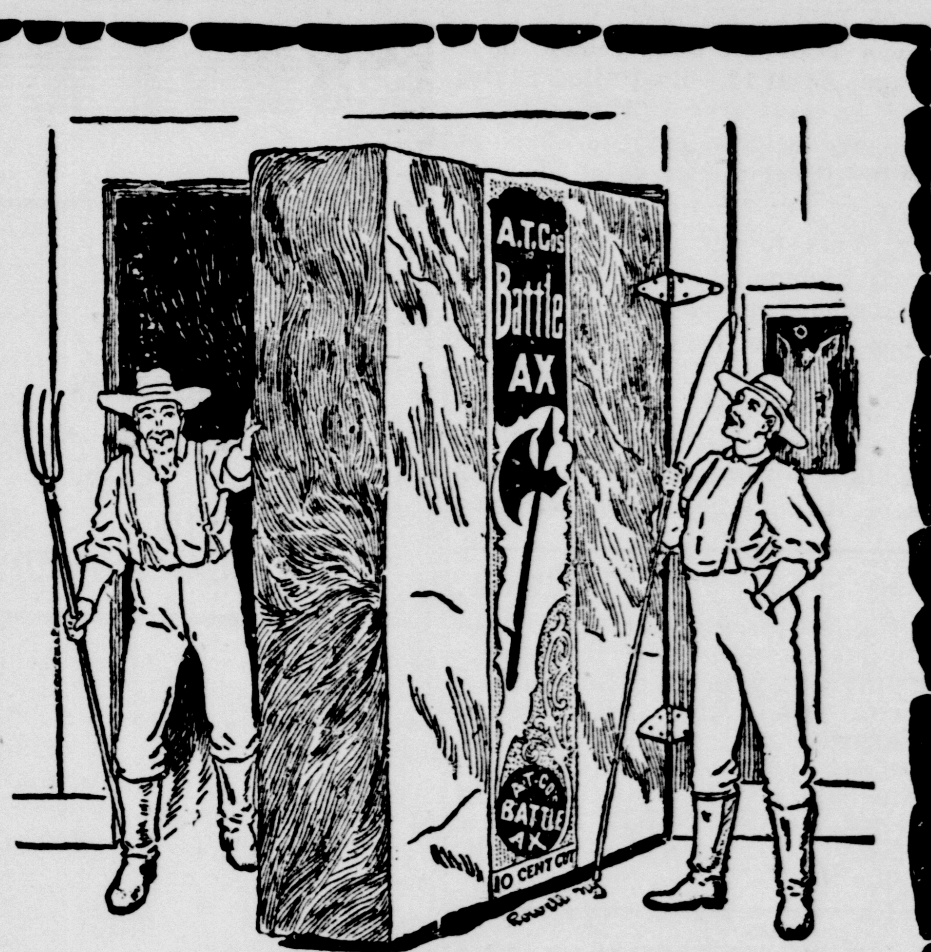

Stuart's Dyspeptic Tablets are sold by all druggists at 50cts. per package and a trial will convince anyone of their merits.

CATARRH

is a Local Disease and is the result of colds and sudden climatic changes. It can be cured by a pleasant remedy which is immediately absorbed and gives relief at once.

It's Cream Balm is acknowledged to be the most thorough cure for Catarrh, Croup and Hay Fever of all remedies. It opens and cleanses the nasal passages, allays pain and inflammation, heals the sores, restores the membrane from its normal position and relieves the patient from all the troubles and annoyances of Catarrh.

THIS DAY IN HISTORY.

1782—General Alexander Macomb, hero of Plattsburg, born in Detroit; died 1841.

1866—The British stormed and captured Magdala, Abyssinia; King Theodore, reputed descendant of Solomon and the queen of Sheba, killed himself.

1860—Rejection of the Alabama claims treaty by the United States senate and a serious war alarm in America and England. The Alabama episode was the only complication since the close of the civil war that has seriously threatened the peace of this country. The senate vote stood 54 to 1. Charles Sumner made a powerful speech, declaring that "when civilization was fighting a last battle with slavery England gave her name, her influence, her material resources to the wicked cause and flung a sword into the scale with slavery." The dispute was finally settled by arbitration, England paying the United States an indemnity of \$15,500,000.

1800—Samuel Jackson Randall, statesman, died in Washington; born 1828.

1804—David Dudley Field, eminent American jurist, died in New York city; born 1805. General Joseph Brevard Kershaw, a distinguished Confederate veteran, died at Camden, S. C.; born 1820.

Lies in Wait to Kill His Wife.

New Hampton, Iowa, April 13.—Herman Beak, a stonemason of this city, shot Michael Bartz and his son and daughter. Beak is a son-in-law of Bartz, who lives three miles from town. Beak's wife recently applied for a divorce from him. He lay in wait in the brush for them while they were on their way home from church and discharged both barrels of a shotgun at them at short range. The girl will die and it is thought the boy will. Beak mistook the girl for his wife. He came to the city and gave himself up immediately after the shooting.

Excitement in a Tenement.

Cleveland, Ohio, April 13.—A fire, which started at 2 o'clock Sunday morning in a three-story tenement house, at the corner of Muirson and Oregon streets, caused a loss of \$10,000 and put the lives of the members of fifteen families in peril for a brief period. The fire started on the second floor of the building, which was a frame structure, owned by Sipe and Sigler, and the occupants of the upper suites of rooms all reached the fire escape in safety with the exception of one young woman named Mary Cox, who jumped from a third-story window and was badly hurt.

Double Lynching Due in Iowa.

Ottumwa, Iowa, April 13.—Most of the male residents of Eddyville are out in force hunting for two peddlers who Saturday night attempted to assault Mary Moore, a fifteen-year-old girl of that town. If caught it is believed the men will be lynched. A posse came to Ottumwa yesterday looking for them.

Ex-Senator Ingalls Sick.

Atchison, Kan., April 13.—Ex-United States Senator John J. Ingalls is sick abed at his home here, suffering from a severe cold contracted on a recent trip north. His friends appear worried over his condition, but his family state that nothing alarming is anticipated.

Port Arthur Not Ceded to Russia.

St. Petersburg, April 13.—An official denial has been issued here of the statement published that Port Arthur had been ceded to Russia by China, as a result of a secret offensive and defensive alliance between the two powers.

Costly Fire at Decatur, Ill.

Decatur, Ill., April 13.—The wholesale agricultural implement depot of N. A. Cruzan was destroyed by fire Sunday. Loss on stock, \$75,000; insurance, \$3,000. Daniel Moore's loss on his cooper shop was \$2,000.

Lyman Trumbull Dangerously Ill.
Chicago, April 13.—Ex-United States Senator Lyman Trumbull was taken dangerously ill Sunday morning at Belleville, Ill., at the grave of his lifelong friend, ex-Lieutenant Governor Gustav Koerner. He delivered an exceedingly eloquent oration just before his illness became manifest to the large concourse of people who had assembled at Walnut Hill cemetery to honor the memory of the revered lieutenant governor. While the physicians regard his condition as critical it may be that death may be delayed for some time.

To The Younger Ladies

we are especially talking today. We have invested in footwear for the misses to a great extent this spring and have found the prettiest line for the "not too young and not too old" ladies that they ever saw. There are four styles in blacks and tans we will emphasize in this paper talk.

No. 1.

Style No. 1 is a dark tan shoe made on the extreme needle toe and also the new round toe so popular at present in the east.

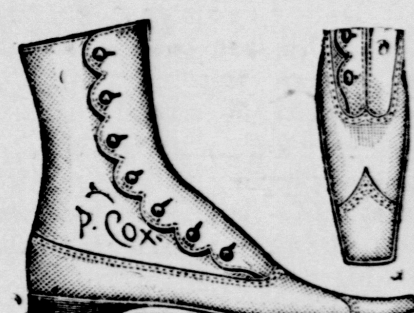

No. 2.

Styles No 2 and 3 are spring heel shoes, sizes running from 2 1/2 to 4 1/2, with the needle and new round toe. We have them in either black or tan leather and both button and lace.

No. 3.

Style No. 4 is a hand sewed turn blacks and tans from 8 to 11 in size, either round or needle toe.

No. 4.

These Are Only Four Styles we show cuts of today but of course we have many more in stock. Our misses' and ladies' shoes all through are of a higher standard this year than ever. The styles and general make-up are on a higher plan than in years gone by.

IF IT IS NEW WE ARE SURE TO HAVE IT.

DAYLIGHT ROBBERS ARE RUN TO EARTH

CLEVER WORK DONE BY THE OFFICERS.

Sheriff Appleby and Patrolman Hogan nab two men from New York—Broke into Norcross & Doty's Mill At Noon With Many People About.

Sheriff Appleby and Officer Hogan, by clever work arrested John Gibson and George Molin, both claiming to hail from New York, charging them with burglary.

The alleged crime was committed at noon, at the Norcross & Doty mill, in the rear of the Norcross block on River street, and about \$12 was secured. Here, it is charged, that the two men boldly entered the mill, and while farmers were unloading their wagons, close to the door, forced the money drawer with a chisel, and taking the contents left. They at once headed for the freight yards, and finding the C. & N. W. depot unoccupied, because of the dinner hour, attempted to force the money drawer in the office. Failing in this they started down the track on foot. Shortly after they left, Switchman Mulligan found the money drawer from the mill, and a check for \$11.27, payable to Norcross & Doty and signed by P. Rudolph, in the yard. Realizing that something was wrong, he took the drawer and check to the freight depot, and a telephone message was sent to the jail.

Cought the Thieves.

Sheriff Appleby hitched up his horse and hurried to the depot, picking Officer Hogan up on the way. On arriving at the depot they learned that two strangers had started down the track. Suspecting that the two men were the guilty parties, the two officers whipped up the horse and ran the animal all the way to the Kellogg farm, where they thought they might intercept the thieves. Their suspicion were well founded, for when they reached the crossing they saw the two strangers within fifty feet of them. Jumping from the buggy they placed the two men under arrest. Both denied the accusation, but the chisel with which the money drawer was believed to have been forced, was found in their possession. \$1.28 in pennies had been taken from the mill, and when the men were searched it was found that one of them had sixty coppers in his pocket while the other had fifty-eight. The officers are confident that they have the right men and their capture was a clever piece of work.

A NECESSITY drives us many times to do things which otherwise would not be thought of. We are compelled to sell a stock not equalled in the city for such figures as would drive a firm to bankruptcy and the people are to reap the benefit of it. You won't be likely to meet with a sale of the kind again soon. Becker & Woodruff.

CHINA sale at Lowell's.

BIG BUSINESS DONE BY STREET CARS

MANY JANESVILLE PEOPLE RODE YESTERDAY.

Crowd Was the Largest that Has Been Handled Since the Fair Last September, Over Eight Hundred Paying Their Fare—New Time Card Out.

Janesville people evidently appreciate the street cars after going without them all winter and yesterday was a banner day for the line. The largest number of passengers since the Rock county fair of last September were carried and the managers are much encouraged. The fact that yesterday was the first warm day of the season no doubt had much to do with the rush and the cars were well patronized on all the branches all day. An especially large business was done on the Main street and cemetery lines. As the result of Supt. Cummins new rules, the cars ran conveniently for the church going public and the result was they were liberally patronized. The days receipts showed that over eight hundred persons were carried, which is considered an extra good showing.

Superintendent Cummins has made a new rule in regard to the time table of the cars, and in the future all cars will leave the depots at hour and half hour schedule, while at the ends of all branches they will be found at one-fourth hour intervals, as it will take fifteen minutes to make the runs from the depots to the ends of the line.

MRS. MORRELL NOW IN ASYLUM

The Beloit Woman Sent to Mendota by the Authorities.

Mrs. Morrell, the Beloit woman who was committed to the insane asylum on Saturday, is now at Mendota. Last fall she sold out her property in Newark and went to France, taking with her a girl of ten years. After a while she concluded to come back to Wisconsin, but her relatives prevented her daughter from coming with her. Since her return she has troubled her son's guardian very much.

BENEATH A CLOUD OF SORROW

G. A. Lawton.

G. A. Lawton, whose serious illness was spoken of in Saturday's Gazette, died very suddenly at midnight Saturday evening, the cause of his demise being the injuries received on lifting a heavy weight some time ago. A surgical operation had been successfully performed, but when his recovery was almost assured, a change for the worse came, and with it, death.

Mr. Lawton was born at Ogdensburg, N. Y., Dec. 6, 1830. He went to Green Bay when a young man where he worked as a baker for twenty years. He then changed his business and was one of the Coalfield Company of Illinois. Losing his property he spent the past two years as a merchant in Afton. He leaves a widow and three children, Mrs. Sophie Bowditch, G. A. Lawton, Jr. and William Mitchell Lawton, beside several grandchildren. There will be a brief service at the house tomorrow morning at six o'clock when the remains will be taken to Green Bay where Masonic services will be held at the grave.

Mrs. Sarah E. Hayes.

Mrs. Sarah E. Hayes, wife of Patrick Hayes, died at 2:35 o'clock yesterday afternoon at her home in the town of Harmony, four miles north of the city. Typhoid pneumonia was the cause of her demise. Mrs. Hayes was sixty-three years of age, and was an old resident of Rock county. A husband and eleven children survive her, they being Mrs. Julia Moore, of Lansing, Mich.; James and Dennis Hayes, of Milton Junction; John Hayes, of San Pedro, California; Michael Hayes, of Harmony; Charles H. Hayes, of Rockford; William H. Hayes, of Leads, North Dakota; Patrick Hayes, of Harmony, and Albert and Margaret Hayes, both of this city. The funeral will be held from the house at 9 o'clock, Wednesday morning, and from St. Mary's church at 10 o'clock. The interment will be made at Mount Olivet.

Funeral of Mrs. Bundy.

The funeral of Mrs. Bundy was held from the county house yesterday. J. T. Wright conducted the services and several people from Janesville attended. The chapel was filled with friends who came to pay the last respect to a lady whose true worth and christian character had endeared her to all. The interment was made at Johnstown.

EUGENE T. FISH,

BOY THIEVES WORK AT THE LINE CITY

BRITIAN, HOME WAS RAN- SACKED AND ROBBED.

Two Young Lads Are Charged With Burglary and a Restaurant Keeper is Arrested on the Charge of Receiving the Stolen Goods—Send Them to Reform School.

Beloit April 13—[Special]—Dan Rucne, a boy about twelve years of age was arrested yesterday for house-breaking. It seems young Rucne, with two or three other boys, had broken into the Brittan house, which stands vacant the greater part of the time, the owner living in Chicago, and ransacked the building from the wine cellar to the garret, taking a large quantity of jewelry and silver plate and disposing of it. He will undoubtedly be sent to the reform school where a brother is now "doing time."

Frank Belmer, a restaurant keeper, was this afternoon arrested on the charge of receiving the goods stolen by young Rucne, and another lad, named McDonald, has been implicated in the thefts.

Apparently, the boys have been committing several burglaries. It is now charged that they broke into Mescham's grocery store on Friday night, and also entered DeGoff's feed store. Several small articles were taken.

Beloit, April 13—[Special]—The college team defeated the Northwestern University nine Saturday in the first ball game of the season by a score of 5 to 3.

After examining samples of the leading brands of baking powder I have arrived at the conclusion that the Royal is superior in purity, leavening power and keeping qualities. It is a cream of tartar powder, entirely free from alum, lime, ammonia, and all deleterious ingredients. GEORGE S. COX, Wisconsin State Chemist.

A Plausible Theory.

Mrs. De Sweet—I cannot understand why so many cultured men are willing to leave all the happiness of home, all the blessings of civilization, and spend a lifetime in explorations in such countries as Africa.

Col. Warmheart (gallantly)—All men, madam, are not blessed with such wives as Mr. De Sweet.—N. Y. Weekly.

She Vindicated the Sex.

A famous English lawyer once made the assertion in the presence of several ladies that no woman ever wrote a letter without a postscript. A certain Lady G—who was present resented the lawyer's statement, and added:

"My next letter to you shall refute you."

A week or two later the lawyer received the letter, and a most entertaining one it was; but after her signature Lady G—wrote:

"P. S.—Who is right now, you or I?"

A woman's headaches may come from several causes. She may have a headache arising from nervousness, or from digestive disturbances. Nine cases in ten, her headaches come from disorders peculiar to her sex. It may show itself in the symptoms which are characteristic of a dozen disorders. Thousands of times, women have been treated for the wrong disorders. Dr. Pierce's Favorite Prescription is compounded for the sole purpose of relieving womankind of these ills and pains. Thousands of women have testified that after taking treatment from several physicians without benefit, the "Favorite Prescription" cured them completely and quickly. It has been used for over thirty years, and has an unbroken record of success.

The woman who hesitates is invited to send 21 one-cent stamps to cover only the cost of mailing a copy of Dr. Pierce's Common Sense Medical Adviser, which contains plain, clear information about all of the organs of the human body and their functions.
